Dear Open Source Sales and Marketing Professional:

More than two thousand focused, enthusiastic Open Source developers will converge at the 4th annual O'Reilly Open Source Convention (OSCON) in San Diego this July 22–26. We invite you to get your company in front of these high-end technical pros by exhibiting or sponsoring OSCON, the premier developer event for the Open Source community.

For Open Source industry leaders, our Platinum, Gold, and Silver sponsorship opportunities combine direct access to attendees during our two-day Technology Showcase, along with blanketed exposure to over 100,000 prospective attendees in our Convention mailer, color ads in the OSCON program, online advertising across our highly trafficked web sites, and much more.

The two-day Technology Showcase for exhibitors (and Platinum, Gold, and Silver sponsors) is designed to bring you direct exposure to attendees and press with a minimum investment. The Showcase will be situated directly in the middle of the session rooms, guaranteeing constant—and often heavy—traffic through the exhibits. To hold down vendor costs, all exhibits will be table-top displays. Space is limited to 28 vendors, and the Showcase will sell out.

New this year: speaking opportunities exclusively for Sponsors in a special Products and Services Track. These 45-minute presentations are available exclusively to sponsors, on a first-come, first-served basis. Sign up if you’d like plenty of time to present your products and services to a room full of pre-qualified leads.

O'Reilly, the leading publisher of quality technical information to the developer community, has sold millions of books to the Open Source community. The O'Reilly Network (oreillynet.com) is one of the foremost independent developer portals on the Web, with over 2,000,000 unique visitors each month to sites such as perl.com, linux.oreilly.com, onjava.com, and many more.

We've built a fiercely loyal audience of developers with our “all content/no hype” approach to providing technical information. Our growing Conference division attracts industry leaders and high-end developers who are serious about technology. O'Reilly Conferences don’t draw tire-kickers. And the press is taking notice, as well—see coverage of last year’s event at http://www.oreillynet.com/oscon2001/.

Please contact me today so that we may discuss how OSCON can help your business reach thousands of Open Source leaders and developers.

Best regards,

Andrew Calvo
