

O'Reilly Conferences

Media & Promotional Partnerships

For over 25 years, O'Reilly has facilitated the adoption of new and important technologies by the enterprise, putting emerging technologies on the map. O'Reilly conferences are no different. Our events bring alpha geeks and forward-thinking technology leaders together to shape the revolutionary ideas that spark new industries. Delivering the wisdom of these expert early adopters to developers, managers, and others passionate about technology, O'Reilly conferences translate the innovator's knowledge into useful skills and tools that can be applied to real world situations.

O'Reilly conferences provide an excellent marketing venue for those wishing to reach new and influential audiences, expand readership, and increase visibility via significant presence before, during and after our shows. In turn, our partners help spread the word and further the recognition of each conference brand. Explore the dynamic opportunities O'Reilly events offer—become a media or promotional partner in a marketplace for innovation.

Media & Promotional Partner Benefits

- Reach dynamic, influential and eclectic audiences, including creative and tech-savvy entrepreneurs, thought leaders, pioneering developers and top level executives
- Network with high profile sponsors, cutting-edge companies and the 'movers and shakers' changing the industry right now
- Expand brand recognition via substantial on-line and print conference marketing efforts
- Identify with O'Reilly Media, and other established publishing and technology leaders

Media Partners are:

- Print Publications
- On-line Publications
- Industry News websites

Promotional Partners are:

- Non-profit organizations and community organizations
- Industry focused companies offering cross-promotional opportunities
- Prominent blogs

conferences.oreilly.com/velocity

Web companies, big and small, face many of the same performance and operations challenges. The O'Reilly Velocity conference provides the best information on building and operating fast, scalable, available websites and brings engineers, managers, and experts together to collaborate, exchange ideas, and share best practices.

Expected Attendance: 700+

Who comes to Velocity?

Engineers, web developers and product managers looking to optimize the experience of users visiting their site, and those building pages for high traffic destinations

The Velocity Experience

- Collaborative and focused learning provides attendees with the knowledge and tools to initiate change and increase web performance & availability immediately
- Practical how-to's and breakout sessions uncover the keys for crossing over from cool Web 2.0 features to sustainable websites

**July 21–22, 2008
Portland, OR**

ubuntulive.com

Co-presented with Canonical, Ltd, Ubuntu Live is the official, trusted event for the Ubuntu community, welcoming all the different segments within the Ubuntu ecosystem: experts, long-time users, established companies, and newcomers alike in a passionate, energizing environment.

Expected Attendance: 600+

Who comes to Ubuntu Live?

System administrators, developers and programmers, technical directors, IT managers and professionals, CTOs, CIOs, CXOs, enterprise and start-up companies, educators and non-profit project leaders

The Ubuntu Live Experience

- Quality sessions, big-picture keynotes, and in-depth tutorials from Ubuntu movers and shakers
- A wide-ranging program gives participants all the knowledge they need to explore and set in motion the powerful features in Ubuntu, related applications, and open source technologies

O'REILLY

OSCON™
Open Source Convention

**July 21–25, 2008
Portland, OR**

conferences.oreilly.com/oscon

OSCON is the bazaar of open source technologies, welcoming new voices and projects alongside the platforms, languages, and apps that started it all. Where the open source community gathers to get inspired, acquire knowledge and gain momentum, OSCON has become a place for enterprise developers and managers to see the jewels of open source on display.

Expected Attendance: 3000+

Who comes to OSCON?

Visionaries, developers, technologists, entrepreneurs, programmers, sys admins, CIOs, CTO's, and hackers

The OSCON Experience

- Over 3000 open source developers, gurus, experts, and users from around the world
- Hundreds of sessions designed to build inspiration as much as know-how
- In depth tutorials that explore the technology behind open source innovations
- An Expo Hall showcasing the newest ideas, products, and projects from across the entire spectrum of the open source community
